

2014 Course Schedule

****NEW COURSES****

****Drill Site Supervisor Course**

11 sessions

There are no scheduled dates for a public Supervisor Course at this time. Should you be interested in attending, please contact us.

****On-Site Exploration Drill Site Safety Course**

1 day

- This course has been designed to equip operational drill site staff (drillers and drill rig assistants) with the knowledge and skills essential to manage day-to-day drill site hazards.
- This is a practical course and is designed to be run on the contractors site.
- Please contact Colin or Erin to request a customised quotation for your company's training.
